

Ok Coalitioners,

Bob Quigley is starting to recover from the flue like symptoms he was suffering from and the promo meeting we had to cancel is now rescheduled for next:

Monday, Feb. 27 at 6:00pm at Shenanigans Irish Pub.

The focus of this meeting is to put together an early promo campaign.

If you have designs or ideas you would like to submit for consideration for this year's promo materials, this is the meeting to bring them to! We need also to be thinking of our colors for this year!

Please bring any ideas or designs you have so we can view and discuss them.. and if multiple designs/ ideas are presented, we can hold a vote on best design for this year! Any designs not selected will be put on the website and archived for future consideration if the artist is agreeable. We would also like to open up a page on our website where artists from all over can submit their artwork for consideration each year. This could be a fun way to get folks involved year round with an opportunity to show off their artwork while helping a cause..

To Anyone Submitting Artwork:

Anyone who has artwork that is chosen will need to work with our fopodinators (coordinators) of art & design (Vanessa Sanders), and promotion (Bob Quigley). This requires an ability to be a team player with an ultimate common goal of reaching the organization's overall objective. This includes the possibility of needing to tweak your design to fit the objective.

note: it is important to include our logo in the design and to use no more than two colors if possible (so can more easily translated into a shirt design as well). archived posters, flyers, & t-shirts, etc.. can be looked at to get a feel of the relative information that will need to be included and easily legible on final drafts of materials.

Thanks to everyone for participating in this early promo effort. I'm looking forward to hearing and seeing everyone's ideas!

So the hemlocks may live...
